 Liner: Wool palm and fingers
 Palm: Split grain cow leather 1mm ± 5%
 Back: Candy striped drilled cotton 0.2mm ± 5%
 Cuff: Shirred cotton laminated safety cuff
 Mass: ±148g per pair (size XL)

Packaging, Storage & Obsolescence

GCANDY - Packed 12 pairs per bundle and 120 pairs per carton for shipping. Store in a cool, dry place. Stored correctly, the gloves physical properties will not change for up to three years.

Cleaning & Maintenance

Gloves should not be left in contaminated condition if re-use is intended especially if potential hazards exist. Before removal from the hands, excess contaminant should first be removed. Should this not be possible, it is advisable to ease left and right hand gloves off using the gloved hand and remove the gloves without the contaminant contacting the bare hands. The gloves may then be decontaminated with mild detergent solution, then rinsed with clean water and dried with some air movement. It should be noted that this is a leather glove so drying completely will need through air and take some time and stiffening of the leather may occur.

Disposal

All industrial waste should be disposed of correctly according to local regulations and good disposal practice. Gloves should be disposed of considering the hazardous substances they were used for. Please consider recycling.

Sizes Available

Code	Size	Palm Length
GCANDY	L/10	125mm (±5mm)

* As per the EN420 standard, actual measurement of gloves are determined by the manufacturer, taking into account the behaviour of the glove material, its thickness (such as leather gloves, PVC gloves etc), elasticity and the intended use.

* Sizing charts only serve as a guide. Sizes and measurements are for reference only. In order to make an informed decision, always try on the gloves as each glove features a unique construction to accommodate a wearer's preferences.

Measurement Guide

Materials

1. Knuckle protection
2. Gunn cut
3. Wing thumb
4. Shirred cuff

Description

Dromex® GCANDY cow skin split grain leather gloves are designed for rigging operations and general handling. Consists of chrome cow split leather and cotton drilled candy striped fabric with a cotton laminated safety cuff. Gunn cut, winged thumb, full leather index finger, knuckle protection, pulltabs and leather padded finger tips, with wrist shirred for additional hold.

Special Instructions

Although the manufacturer has examined these gloves under the system for ensuring quality of production by means of monitoring and inspection, we recommend that all gloves should be thoroughly inspected before use to ensure no damage is present.

None of the materials or processes used in the manufacture of these products are known to be harmful to the wearer. The gloves and information contained herein are designed to accommodate the basic safety requirements and standards for Personal Protective Equipment. Actual conditions of use cannot be directly simulated in a test environment, therefore it is the responsibility of the user and not the manufacturer or supplier to determine the suitability for intended use.
